CONTENTS

PROJECT 1

Mixed Reality Folktales (AR Installation)

PROJECT 2

Type Of The Day (Game Design | 3d modelling | storyboarding)

PROJECT 3

Step-In-Step-Out (Tangible Installation | concept | touchdesigner & projection mapping)

PROJECT 4

Airport Gates Operating System - UX Research | Interaction Design | Visual Design | Prototyping | User Testing

PROJECT 5

IAQ Monitoring - UX Design | Visual Design | Prototyping

PROJECT 6

Contract Management System - UX Research | Interaction Design| Visual Design | Prototyping

CONTEXT

An AR project to make the viewer a part of the story by creating triggers for different acts of the storyline; based on their interaction, the story progresses.

We developed a single player typing game called Type of the day which is a typing game on adrenaline. The name started with was 'Type-to-win' but became 'Type of the day' because the character was going to experience an abnormal normal day.

GENRE

Adventure

TEAM

Xuyan Ding (Kevin), Le Shen, Javan Graham, Jia Zhao, Shannen Guntoro, YunTing He, Anantha Chickanayakanahalli

We created a tangible installation that changes visualization and plays funny sounds upon stepping on the tiles. It behaves like the Dance Dance Revolution arcade machine.

TOOLS USED

airport gates operating system

Enabling smooth turnaround of flights at airports operated by Apron Controller who manages traffic in the gates/aprons, the Gates Operating System provides alerts and controls to mitigate and tactically solve problems.

Similar to what happens at a hotel lobby - someone is waiting (some are done waiting), allocating new rooms, making a list of available rooms, taking down requirements, first best option, next best option, customer is not checking out on time (overflowing)

TOOLS USED

Responsive air quality monitoring master dashboard that gives different levels of information about accounts and sites to the super admin.

TOOLS USED

IAQ monitoring

A tool where you can draft your contracts objectively and fill in as little information as possible and let the system fetch, pre-fill and automate your documentation work leaving you to think about the language necessary to keep you off liability and risk as much as possible.

contract mgmt. system

A screenshot of a tablet displaying the drafto contract management system. The top navigation bar features the brand name 'drafto' in blue, and two buttons: 'EXISTING USER' and 'NEW USER'. Below the navigation is a main heading 'Intelligent Automation of Contracts' with a subtitle 'Access ready made contracts & build away custom agreements effortlessly'. A prominent blue 'GET STARTED >' button is centered below the text. The background of the app shows a clean, modern workspace setup with a laptop displaying a financial chart, a calculator, a notepad with handwritten notes, a pen, a small potted plant, and a coffee cup. At the bottom of the screen, there is a footer note: 'We are an [redacted] has associates in Bengaluru & Mumbai.'

first floor
the "LEASED PREMISES" and the LESSEE has
and conditions:
NOW THIS DEED WITNESSETH AS UNDER:
1. That the lease is for a period of 12 Months commencing from
2018 and ending on 24 March 2019
2. That the LESSEE shall pay to the LESSOR a monthly rent of 45000
