This screenshot captures a complex POS system interface titled 'Futuristic POSS - [New CashMemo]'. The top navigation bar includes links for Customer Transaction, TEP/GEP, Gift Card, Inventory Management, Banking/Revenue, Service, Masters Management, BoutiqueAdmin, Administration, and Help. A 'Customer Detail' section features tabs for 'Existing' and 'New', along with fields for Loyalty ID and Mobile No. The 'Order Details' panel allows selecting between Advance Order and Priority Order, setting the fiscal year to 2016, and searching for document numbers. It also includes sections for 'Search Enci', 'GHS', 'CNs', and 'Employee Discount Details'. The 'Cashier Information' block displays the current date (09/11/2016) and order number. A large central area contains a grid for variant codes, with columns for Lot#, Bin, SO Name, Product Description, View Design, Unit Wt, Actual Wt, Price Per L, Qty, Price, and Discount. Below this is a 'View Pricing Details' section with fields for total amount, total weight, and encircle points redeemed. Other sections include 'Bill Level Discount', 'Other Charges', 'Cash / CC' (with cash and credit card inputs), 'Payment options' (selecting CN), and a table for instruments like bank cards. The bottom right contains a 'Print' section with options for COA, VariantCode, and specifying the number of copies (set to 2). The footer provides business details: Business Date: Wednesday, 09 November 2016, Login: BHAGWAN, Location: TPP, Host Name: A2ML17894.

Existing UI information structure can be relooked at..

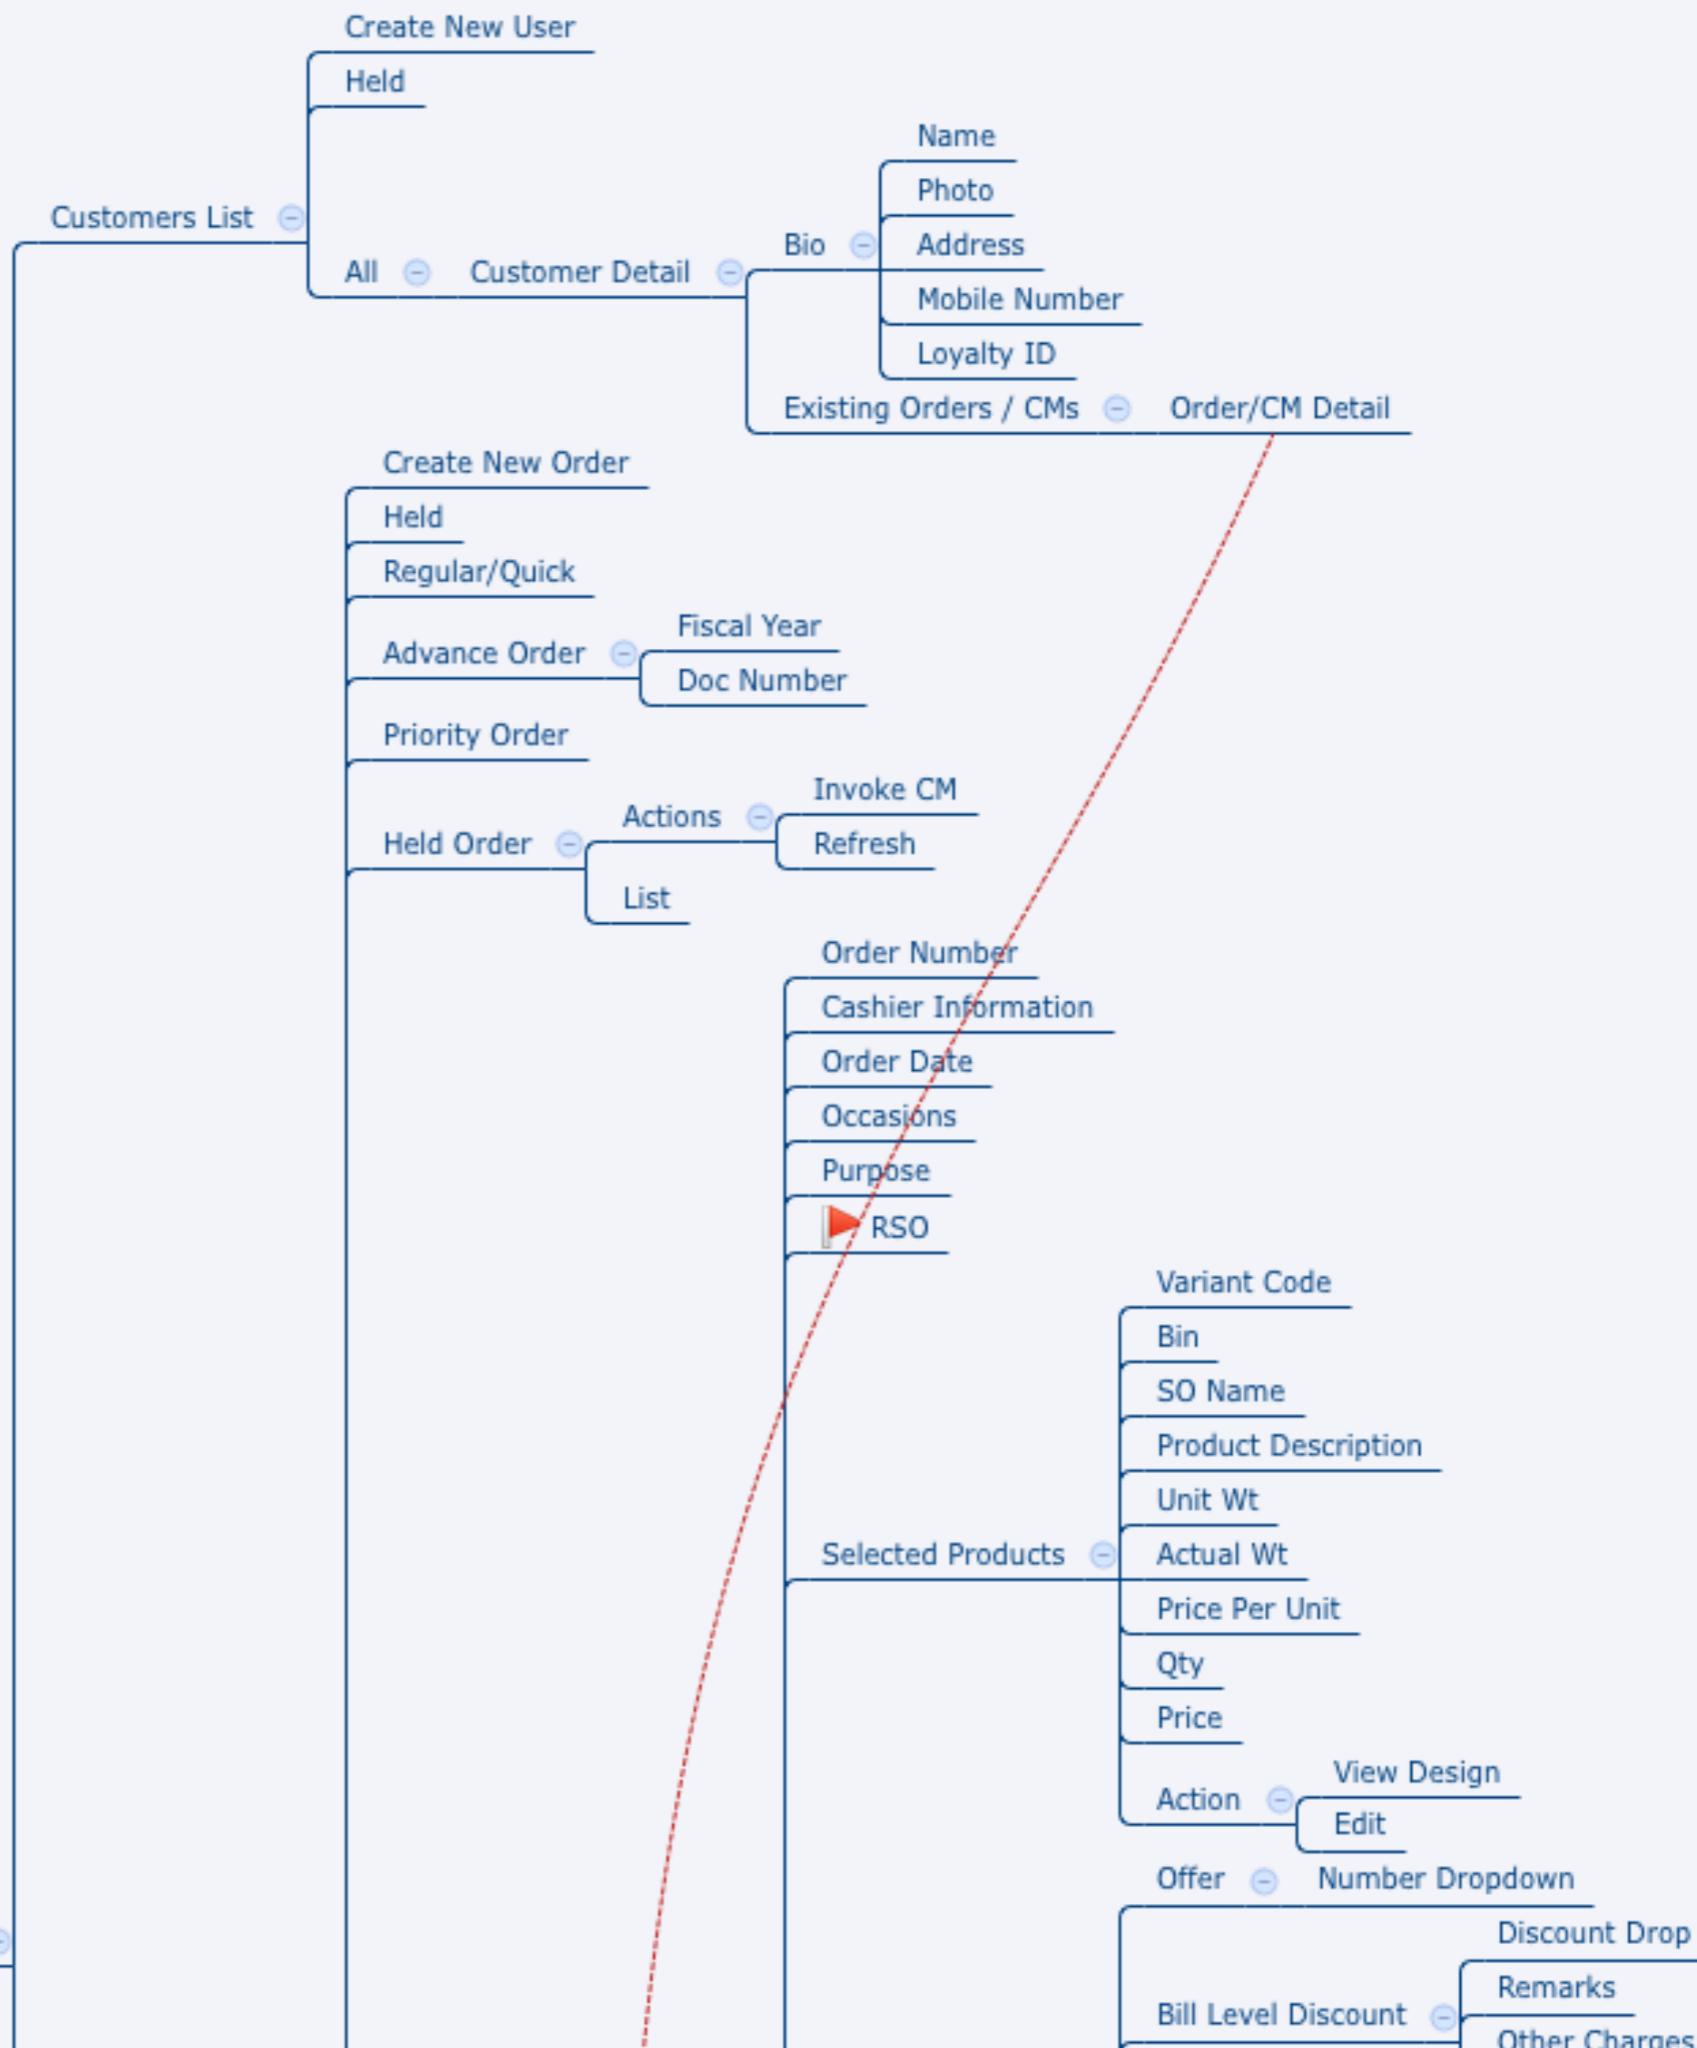

# Artefact mapping for new information structure

# Artefact mapping for new information structure

# Artefact mapping for new information structure

# UX approach

1. Information layout
2. Guiding eye flow
3. More white space, better readability
4. Darker background to highlight the upper layer
5. Less branding as it is not customer facing

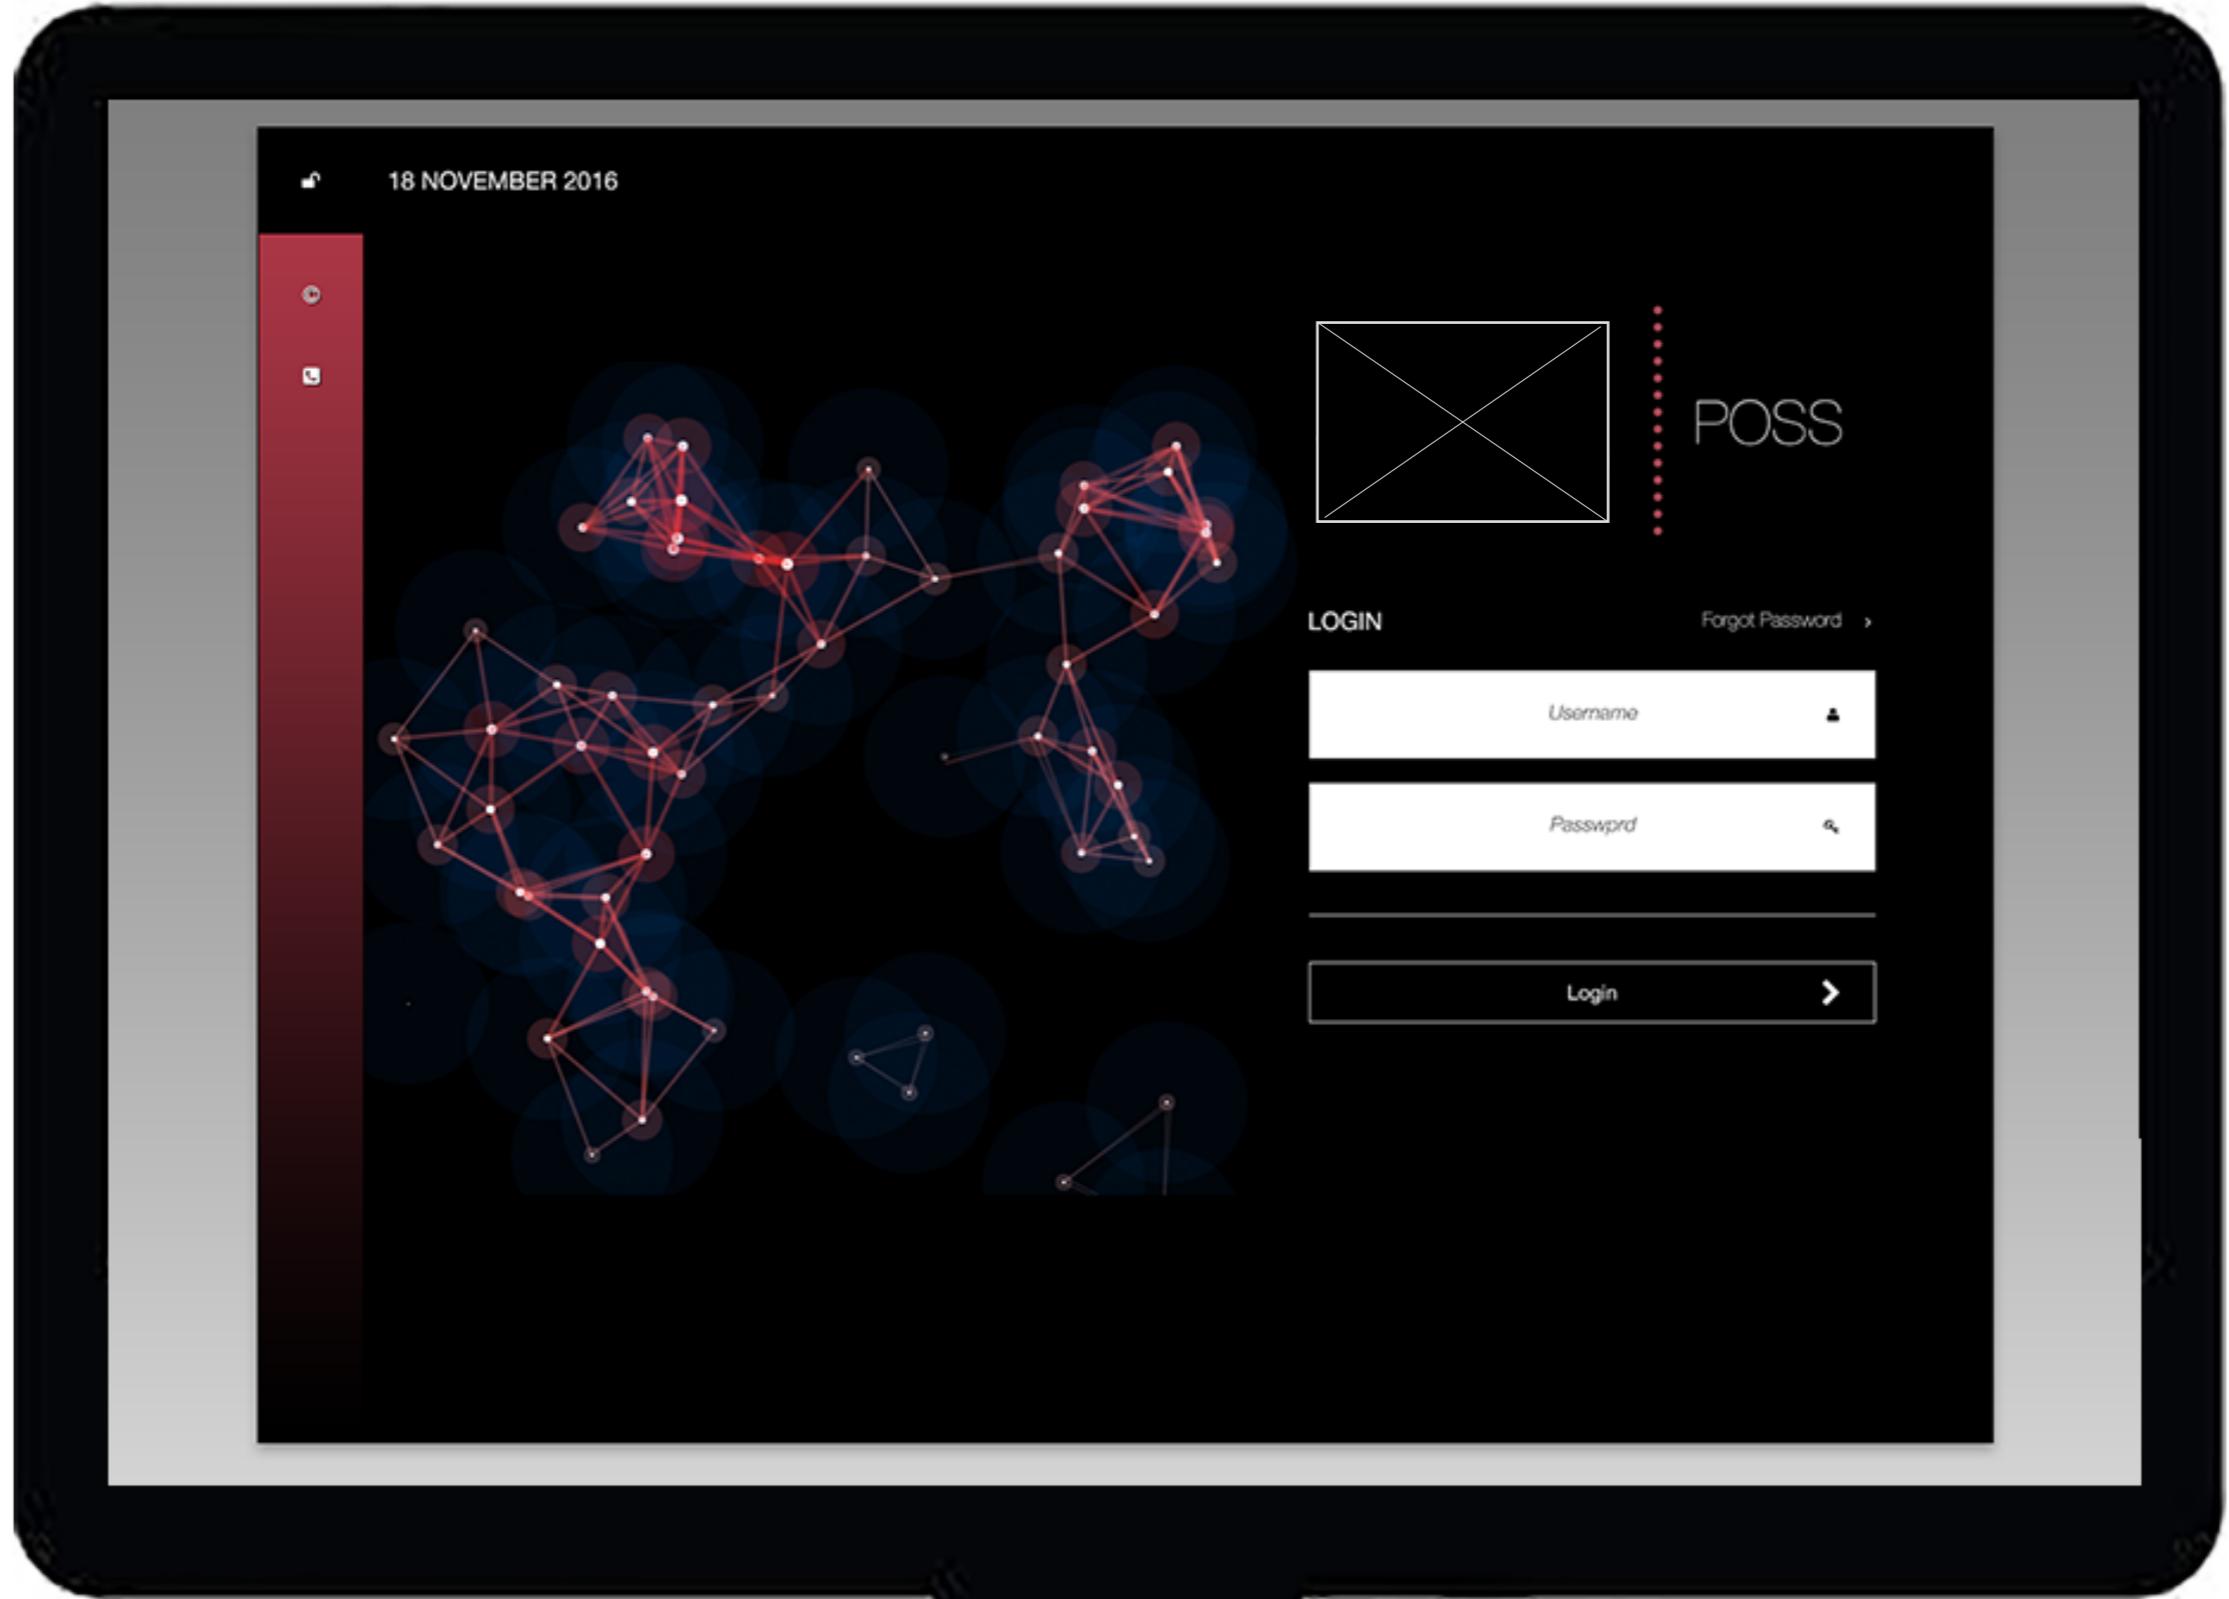

Scenario:

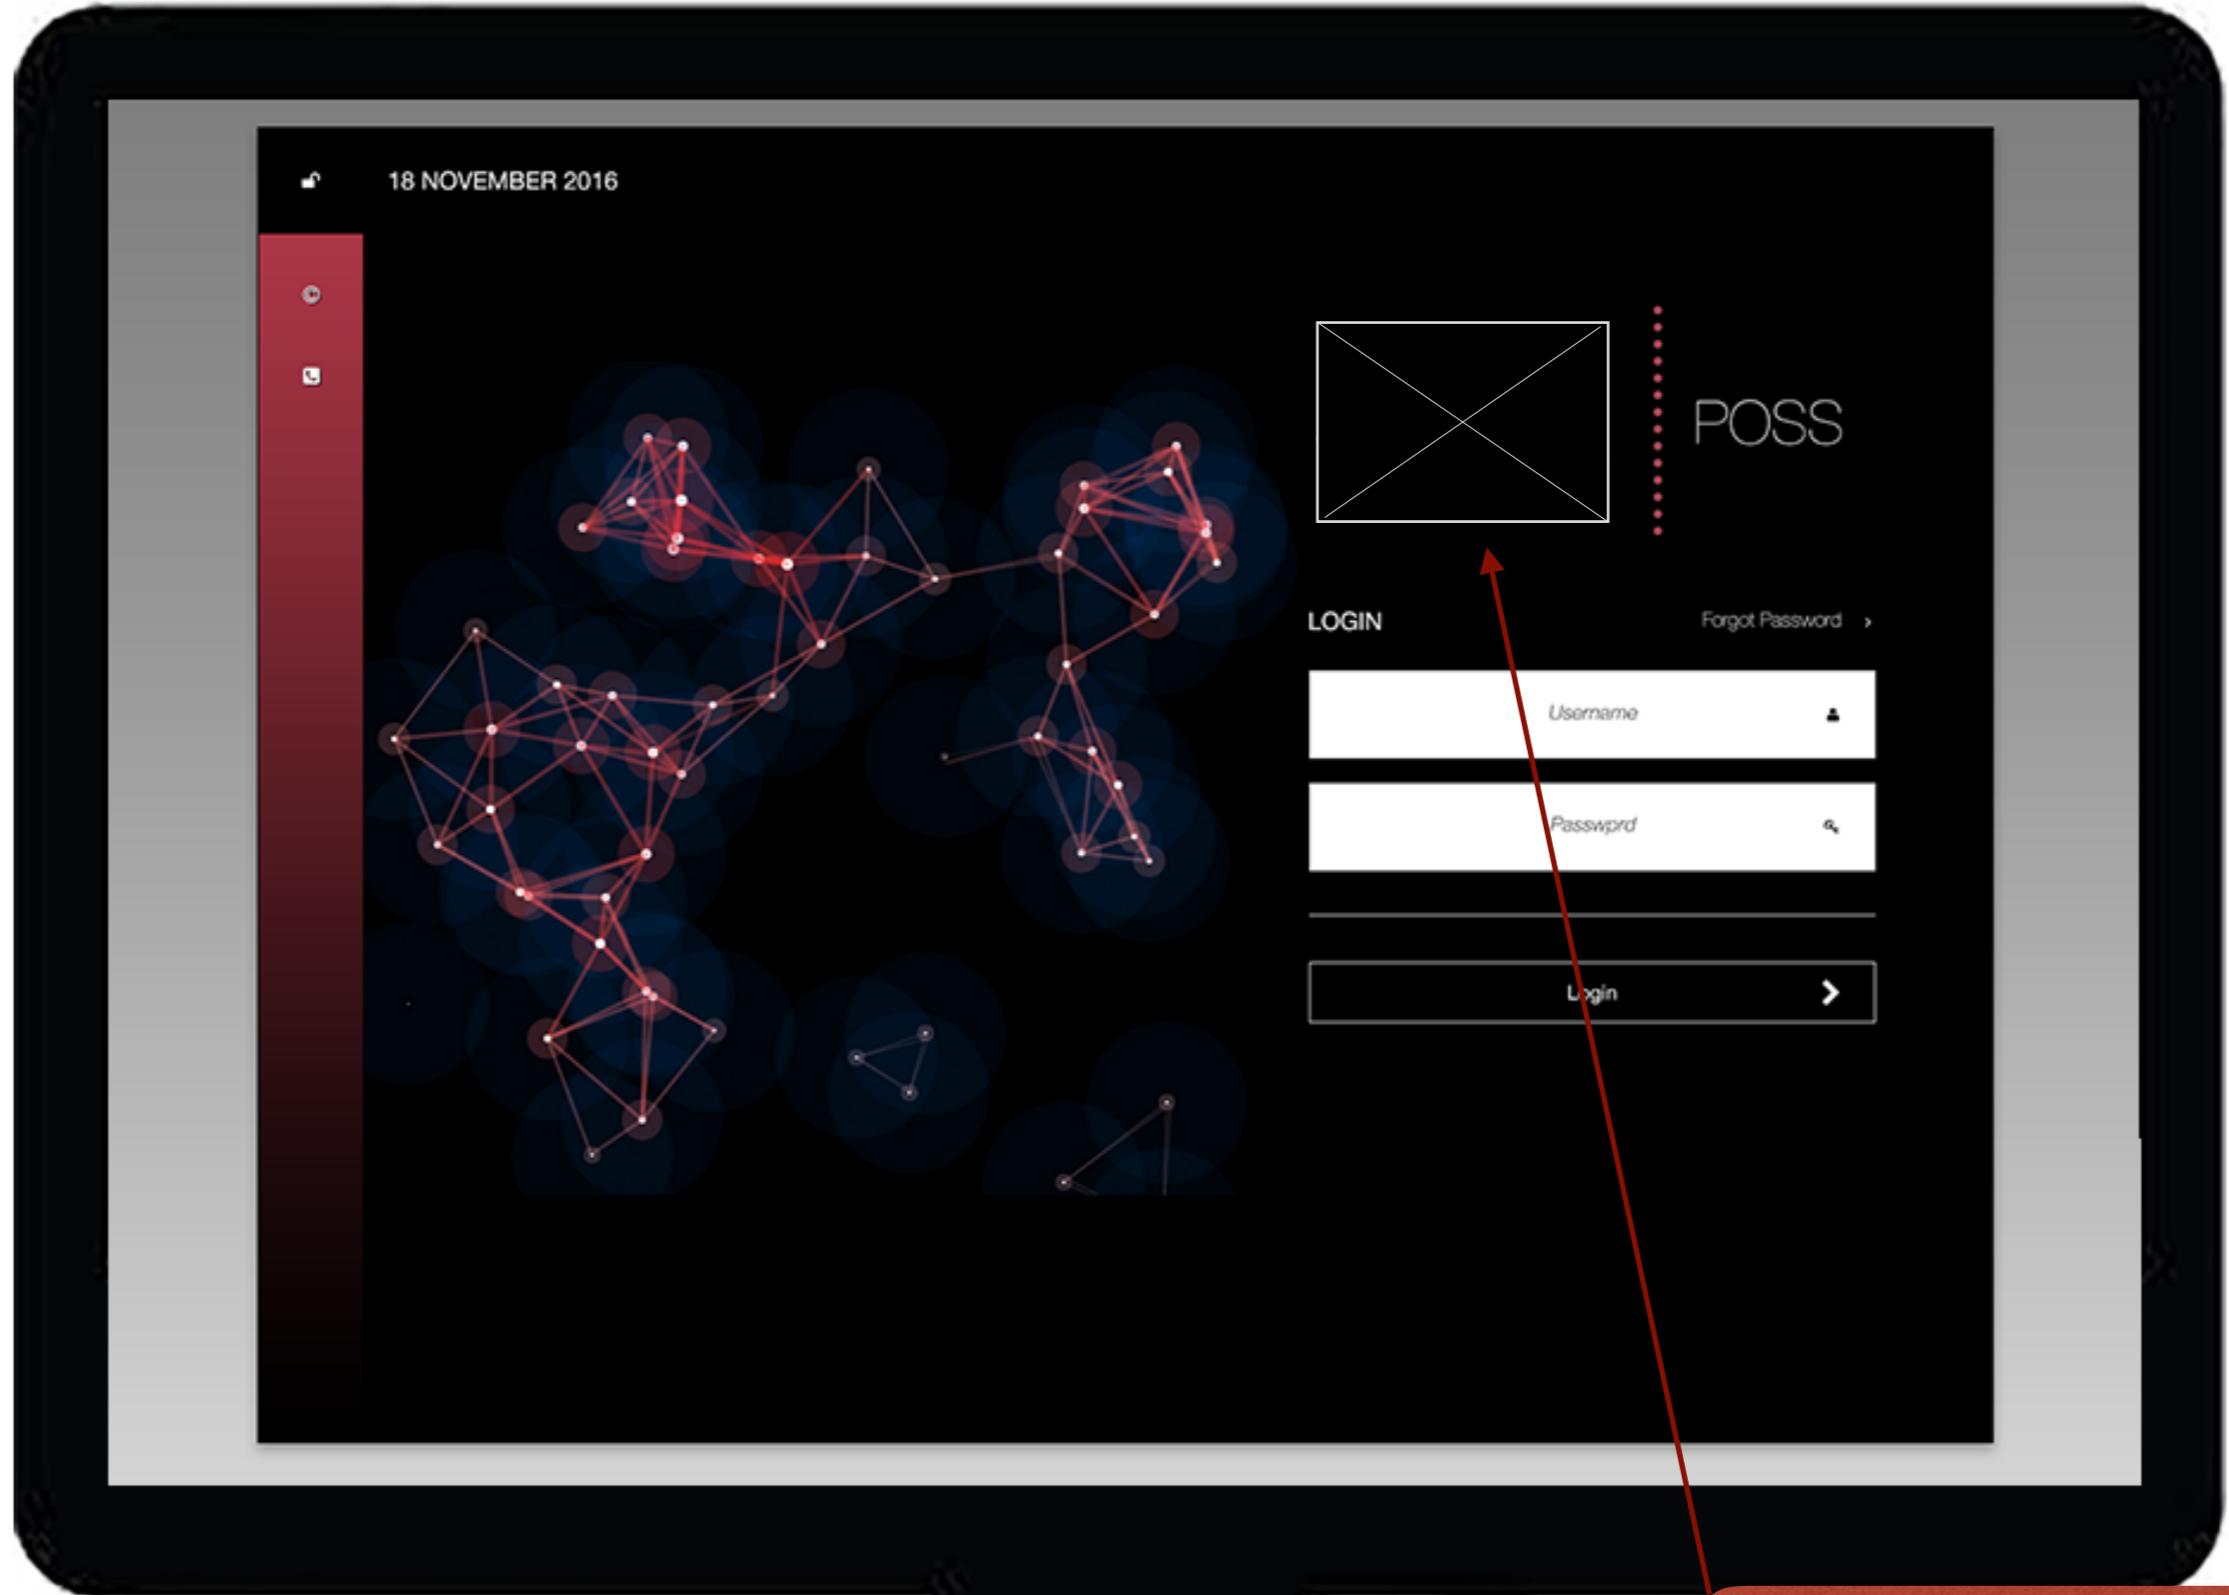

Store

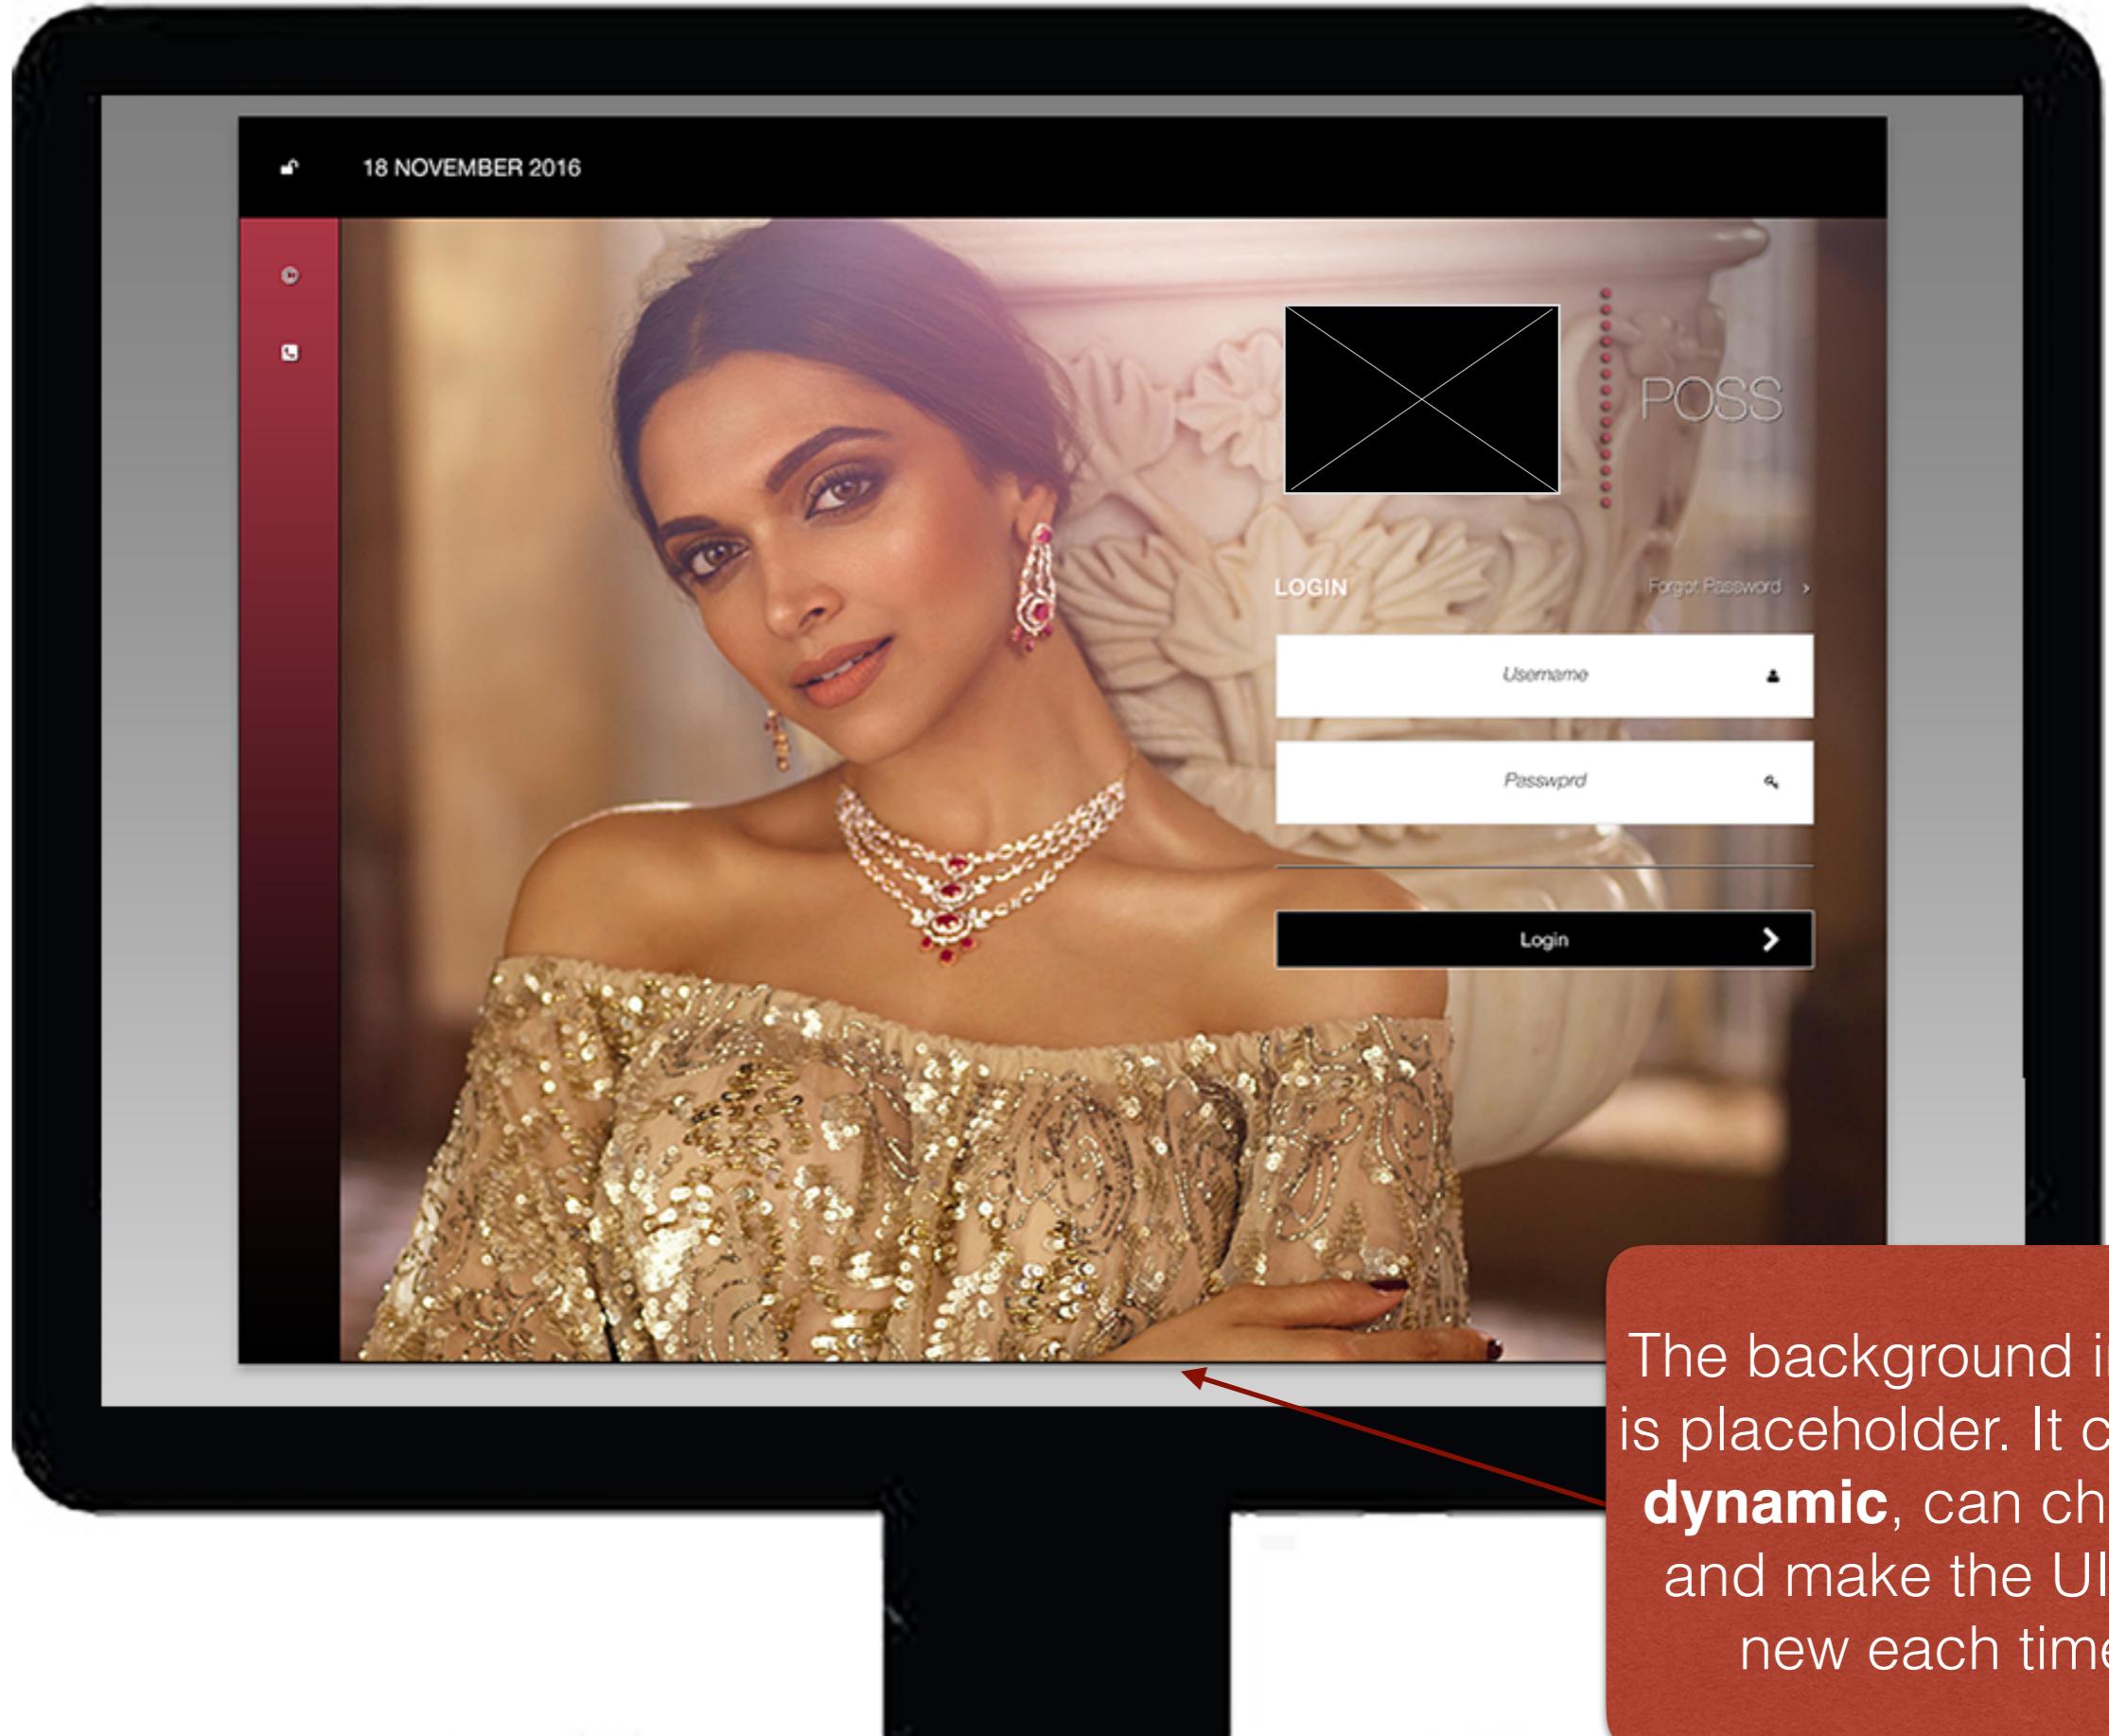

**Jyothi** starts her day with logging in to the  
POSS system

Logo shown is  
placeholder, to be  
received from Client

The background image is placeholder. It can be **dynamic**, can change and make the UI feel new each time.

As **Jyothi is** starting her day, this could be at zero count here.

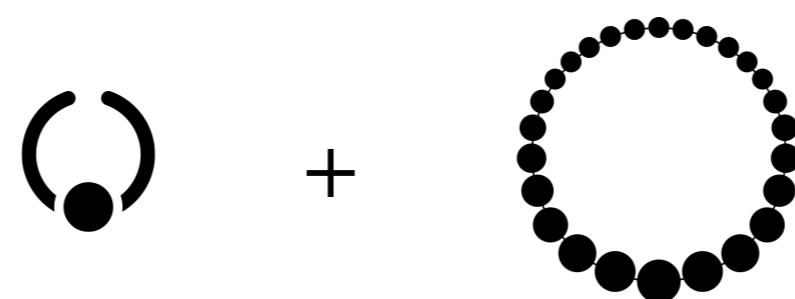

This is Kumar's Family

Lakshmi, their daughter, is in her  
last semester, Engineering

Mr. & Mrs. Kumar want to invest in gold for  
Lakshmi's Wedding in future

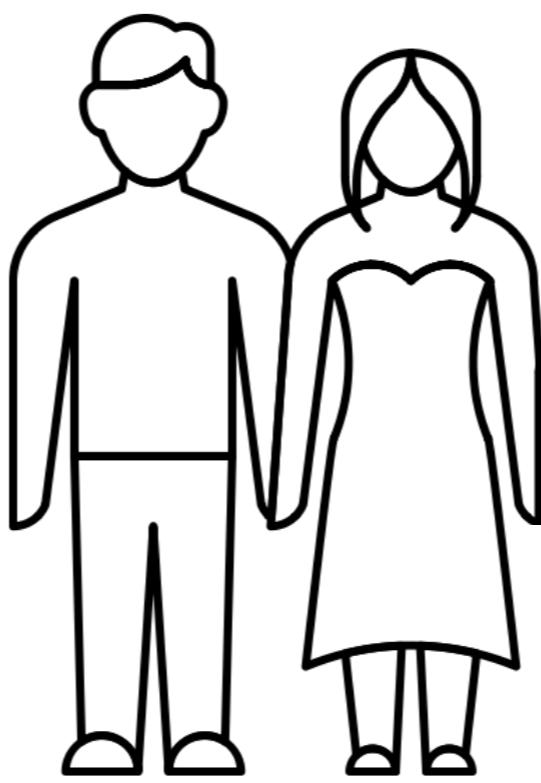

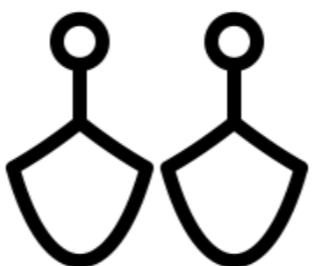

They find current gold rates ‘’ reasonable

They walk into  Store..

Mrs. Kumar brings along the pair of earrings she wants to return as she no longer uses them..

They are able to find the suitable wear with help of store's enthusiastic Sales Manager **Lara**

..who brings them to the billing counter

Jyothi brings up the **older** order detail of the earrings in her POS monitor..
